FIAT RAIL MOTOR CARS (LITTORINA)

WITH DIESEL OR PETROL ENGINES
maximum stability—lowest running costs

Type in service on the Italian State Railways—80 seats—over 85 miles per hour

The type of rail motor car of which there is the greatest number of units in regular service in the world

On the Italian State Lines the "Littorinas" are now running over 6000 miles per day. Several European countries have acquired a manufacturing licence for Fiat railcars. For particulars and catalogues apply to the widespread Fiat Organisation, or to the Head Office, 250, Via Nizza—Turin.

FIAT TERRA HA UN CIELO

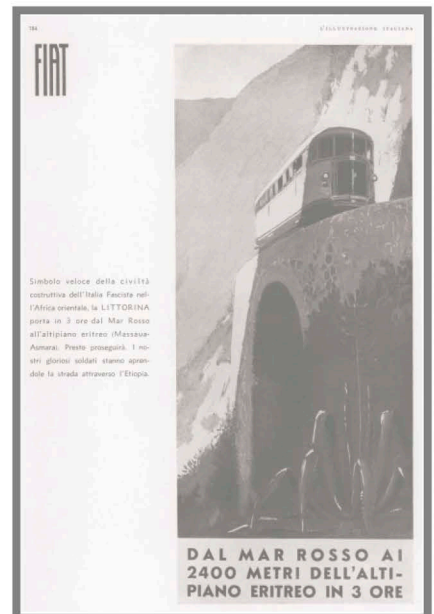

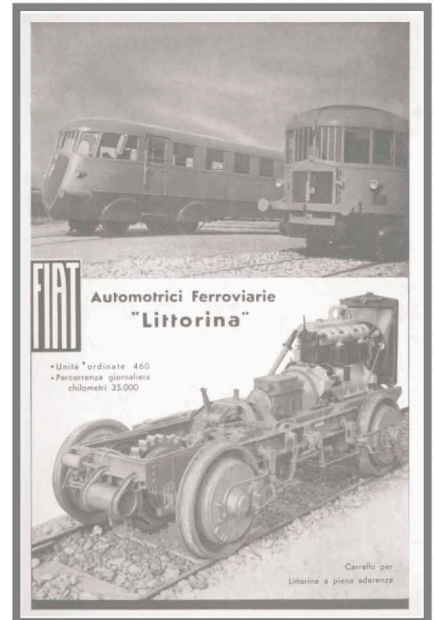

PRESENTA
